

Building Trust In Your Team

Trust is at the heart of every relationship, and it's especially critical in the workplace.

Program Details

The primary factor affecting employee turnover is whether or not a trusting relationship was developed between the manager and the employee. Developing trust helps team members become energized and engaged. They collaborate more effectively, operate faster, and achieve sustainable results. This workshop, based on the Franklin Covey method, provides a simple methodology that easily guides individuals, leaders, and organizations to become explicit and deliberate about creating a high trust, highly engaged culture focused on results.

Training Outcomes

- Build a foundation of trust to increase engagement, creativity, and commitment.
- Repair trust once it has been broken.
- Identify aspects that need attention to build and maintain trusting relationships.
