

Career Planning

Micro Learning Training.

Program Details

There comes a point in the life of any professional that he or she needs to decide where is his or her career going and how to get there. Participants will go through a self-reflection exercise to review skills, knowledge and experience; this gives a clear picture of what your career assets are. Then, and to decide what you need to improve to get to the next level.

Training Outcomes

In this training, participants will learn:

- How to take an inventory of their skills.
- How to view traditional, non-traditional and lateral career moves.
- How to foster the connections and networks with authenticity.
- How to set career goals and steps to achieve those goals.

Training Length

1 – 1.5 Hours
